Assessment of Need and Enforcement Plan

Order Number 04-10-4-21-01

Pack Creek Fire Trail, Road and Area Closure

1. Background: Utah is in an extreme drought. There has been extreme fire danger over the area for the past week including red flag warnings. The fire danger is predicted to continue for the foreseeable future. The Pack Creek Fire started by an unattended fire on the Manti-La Sal National Forest and has been increasing in size, burned 5 structures, and is threatening structures adjacent to the Forest and is currently burning on private lands within the forest boundary as well. The fire size is over 5000 acres.

2. Intent of Subpart B Order: To provide the legal ability to restrict vehicles and persons from the Roads, Trails and Areas impacted by the fire for public safety. To assist fire crews and management officials in conducting necessary operations.

3. Enforcement Plan: A cooperative effort will be accomplished by personnel from Forest Service Law Enforcement, Forest Protection Officers, San Juan and Grand County Sheriff's Offices, and United States Attorney Offices in Utah. Educational efforts will include notice on the Manti-La Sal Facebook page, public information presentations on the Radio and signing of the roads leading to the area to give advance notice of the closure. If persons are on the closed section of road, trail or in the area, violation notices will be issued to the violator(s).
